Adaptive Adventures Receives Daniels Fund Grant to Purchase Adaptive Sports Equipment

(Evergreen, Colorado) Adaptive Adventures announced today that it has received a \$15,000 Daniels Fund Grant to support its year-round adaptive sports and recreation programs. The Daniels Fund, operating the Daniels Scholarship Program and the Daniels Grants Program in Colorado, New Mexico, Utah and Wyoming, was established in 1997 by Bill Daniels, a pioneer in cable television known for his kindness and generosity to those in need.

“This grant will allow us to buy much needed equipment in all of our program areas which will help us increase program participation. We are very excited about this support from the Daniels Fund.” Said Joel Berman, Executive Director. “With this grant, we’ll also be able to increase our instructors’ involvement in the Train the Trainer programs as well as partner with other community based organizations in the state. That collaboration is key to making sports and recreation available to all.”

Adaptive Adventures provides progressive sports and recreation opportunities for children and adults with physical disabilities. Adaptive Adventures offers year-round outdoor programming that brings the programs to the people throughout Colorado. Some of the program areas include: alpine and Nordic skiing; handcycling and adaptive cycling; waterskiing, paddling, kayaking, and rafting; and adaptive sports programs specifically for kids as well as community education and information outreach programs.
